<b>Subject:</b> Discussion and Recommendation: Approve installation of 6 "No U-Turn" signs on W. St. Paul Avenue between S. Moreland Blvd. and Washington Street placed at three locations on the eastbound direction and three locations on the westbound direction.	

**Details:**  
 Referral was brought to B & G by the Public Works Department and the PD Parking agents. The section of W. St. Paul from Moreland to Washington has many parked cars during the day and most are for the GE plant. When leave the parking spots, parking agents have often seen them do a U-Turn in the middle of the street and in front of oncoming traffic. W. St. Paul is not all that wide and U-turning can cause a potential safety issue. Installing the No U-Turn signs will encourage drivers to go around the block and make safer maneuvers. Signs will be field located at the time of installation. The committee discussed this item and voted unanimously to approve it.

**Options & Alternatives:**  
 Discuss whether the installation of these signs is appropriate.

**Financial Remarks:**  
 The cost of installing this is expected to be \$200 and covered by the BG Sign Budget (3310.54140)

**Executive Action:**  
 The resolution for this installation of this sign assembly will need to be executed by the Mayor and Clerk after the Council Meeting.

**Committee Recommendation:**  
 The Buildings and Grounds Committee approved this item at their May 4, 2015 meeting. This item will be under the May 19, 2015 Common Council consent agenda.
