Subject: Approval of resolution to discontinue and vacate a portion of Meadow Lane.	

Details:

The development at the former Weissgerber's property requires the conveyance to the developer of a small remnant piece of the former right of way of Meadow Lane. The remnant has no economic value to the City. It was inadvertently omitted from a resolution in 2004 that vacated the Meadow Lane right of way, and the resolution accompanied by this cover sheet corrects the 2004 resolution by adding the legal description of the remnant, which effectively conveys the remnant to the developer. More details are given in the accompanying memo.

Options & Alternatives:

There is one other method by which the remnant could be conveyed, but it would take a much longer period of time, and there's no advantage to the City in using the alternative method.

Financial Remarks:

There is no financial impact to the City.

Staff Recommendation:

Passage of the resolution and approval of the execution of the Correction Instrument by the City Attorney on behalf of the City.
