3. Discussion and Recommendation re:

A. [ID#17-1199](#) Please Approve Installation of Autistic Child Sign on Valley Hill Drive.

**Recommendation:** This request was referred by Ald. Perry to have a warning sign installed on Valley Hill to warn drivers of the potential for an autistic child that may be present in the area. This type of signing has been installed in the past on Victoria Drive and School Drive. Although the Department of Public Works feels that signing of this nature is not very effective, it can be installed as a warning sign with the stipulation that the sign is removed when the person (or family) has moved. Signs will be removed at that time. If approved, signs shall be placed near 206 and 917 Valley Hill Drive.

B. [ID#17-1200](#) Approve modification of the No Parking Zone on south side of Arcadian Avenue to be from the corner of N. Hartwell Avenue to 135 feet west.

**Recommendation:** This item was brought forward by Public Work and Transit. An existing bus stop is located on the south side of Arcadian Avenue just West of Hartwell Ave. When buses stop, they are sticking half way into the eastbound lane of traffic because vehicles are allowed to park to close to the bus stop to give the bus proper pull over clearance. Additionally, La Casa installed a new parking lot driveway west of this bus stop and the overall parking allowances from Hartwell to the rail road tracks need to be adjusted. This item, if approved will allow buses to properly pull off to pick up riders and still allow for some parking on this side of the street.

The Department of Public Works does not have any issues with approving this item.

- C. [ID#17-1201](#) Approve modification of the existing No Parking Zone on the east side of N. Grandview Blvd. to be from the corner of Northview Road to 280 feet south of center line of Sunkist Avenue.

**Recommendation:** Upon the completion of the N. Grandview & Northview Road intersection improvement project, it is necessary to modify the No Parking zone on the east side of N. Grandview Blvd. in order to prohibit parking in a location that is no longer able to have parking because of the change in driving lanes. The subject distances will remove parking in the affected area.
