Subject: Discussion and Recommendation: Install a 4-way stop at the intersection of N. Washington Avenue and Michigan Avenue.	

Details:
Referral was made by Ald. Eric Payne and Ald. Corey Payne. This item will evaluate the installation of an All Way stop at the intersection of N. Washington Avenue & Michigan Avenue. This location has many school children that cross Washington Avenue. The All Way stop would provide a stop condition and allow children to cross safely.

Options & Alternatives:
Discuss whether to approve the All Way stop. Engineering will conduct traffic counts at the intersection to aid in determining the need for the stop. It is expected that the number of children crossing the intersection would necessitate the All Way stop.

Financial Remarks:
The cost of installing this is expected to be \$150 and covered by the BG Sign Budget (3310.54140)

Executive Action:
The resolution for removing this signing will need to be executed by the Mayor and Clerk after the Council Meeting

Committee Recommendation:
The Buildings and Grounds Committee approved this item at their July 6, 2015 meeting. This item will be under the July 21, 2015 Common Council consent agenda.
