Customer Order Display **Gen 6.2**

get it right **at drive-thru**

Screen Features

- Unit is capable of displaying up to 15 lines of menu items with a 35 character descriptor. Orders greater than 15 lines will automatically scroll (POS System dependent).
- Unit displays line item, price, tax and total (see POS system for details).
- Utilizes Everbrite's high quality, super-bright LED backlit full color 15" LCD screen rated in excess of 60,000+ hours.
- Unit offers optimal visibility even in direct sunlight.
- Unit continuously monitors ambient light and adjusts display brightness.

Protective Features

- Units are designed and sealed for all outdoor weather conditions via thermostatically controlled heating and cooling with an operating range of -35° to 130° F.
- The display is designed with vandal resistant laminated glass and is fully enclosed in a high quality aluminum housing.

Installation

- Retrofittable to a majority of speaker post foundation/anchor bolt patterns.
- Unit is modular in design so the screen and housing can be utilized in either speaker post or in drive-thru menuboard applications.

Everbrite Systems Include:

- Monolith pedestal powder coated
- Customer logo and "Confirm Order Here" decals
- 200 feet serial data and Ethernet cables
- POS interface cable
- Back office PC serial cable
- Management software to load on back office PC
- Optically isolated converter box (protects data ports from lightning strikes)
- In-house technical support
