

WETLAND PRESERVATION RESTRICTIONS:

Those areas identified as WETLAND on this Plat shall be subject to the following restrictions:

- Grading, filling and removal of topsoil or other earthen materials are prohibited, unless specifically authorized by the municipality in which this land is located and, if applicable, the Waukesha County Department of Parks and Land Use, the Wisconsin Department of Natural Resources and the Army Corps of Engineers.
- The removal or destruction of any vegetative cover, i.e., trees, shrubs, grasses, etc., is prohibited, with the exception that dead, diseased, or dying vegetation and "invasive" species may be removed, at the discretion of the landowner and with approval from the municipality in which this land is located and, if applicable, the Waukesha County Department of Parks and Land Use-Planning and Zoning Division. Silvicultural thinning, upon the recommendation of a forester or naturalist and with approval from the municipality in which this land is located and, if applicable, the Waukesha County Department of Parks and Land Use-Planning and Zoning Division shall also be permitted. The removal of any vegetative cover that is necessitated to provide access or service to an approved residence or accessory building, shall be permitted only when the access or service cannot be located outside of the Conservancy/Wetland/Floodplain/Primary Environmental Corridor and with approval from the municipality in which this land is located and, if applicable, the Waukesha County Department of Parks and Land Use-Planning and Zoning Division.
- Grazing by domesticated animals, i.e., horses, cows, etc. is prohibited within the Conservancy/Wetland/Floodplain area and shall be discouraged to the greatest extent possible within the Primary Environmental Corridor area.
- The introduction of plant material not indigenous to the existing environment is prohibited.
- Ponds may be permitted subject to the approval of the municipality in which they are located and, if applicable, the Waukesha County Department of Parks and Land Use, the Wisconsin Department of Natural Resources and the Army Corps of Engineers.
- The construction of buildings is prohibited.

ACCESS RESTRICTION CLAUSE (S.T.H. "167") PER s. TRANS 233.05 (1):

As owner hereby restricts his or her interests in that no owner, possessor, user, not lessee and other person shall have any right of direct vehicular ingress or egress with U.S.H. "18" as shown on this Plat; it being expressly intended that this restriction shall constitute a restriction for the benefit of the public according to s.236.293, Stats., and shall be enforceable by the Department of Transportation.

HIGHWAY TRANS. 233.08 SETBACK RESTRICTIONS:

There shall be no improvements (including trees and shrubs) or structures placed between the highway and the highway setback line.

NOISE LEVEL RESTRICTION PER s. TRANS 233.105 (1):

The site of this land division may experience noise at levels exceeding the limits in s. Trans 233.105, Table 1. These levels are based on federal standards. The Department of Transportation is not responsible for abating noise from existing state trunk highways or connecting highways, in the absence of any increase by the Department to the highway's through-lane capacity.

BASEMENT RESTRICTION FOR GROUNDWATER NOTE:
Although all Lots in the Subdivision have been designed for development with single-family residential use in accordance with Section 236 Wisconsin Statutes, some Lots contain soil conditions that, due to the possible presence of groundwater near the surface, may require additional soil engineering and foundation design with regard to basement construction. It is recommended that a licensed professional engineer design a basement and foundation that will be suitable to withstand the various problems associated with saturated soil conditions on basement walls or floors or that other special measures be taken. Soil conditions should be subject to each owner's special investigation prior to construction and no specific representation is made herein.
