

I began my career as a Bookkeeper for a small accounting firm in Brookfield, Small Business Accounting Solutions LLC in 2015. Following that, I have been with Waukesha State Bank since April of 2016. I started with the bank in the Payroll Complete division, as a Payroll Services Rep. I worked through various roles in the division and finally as Team Lead prior to my shift to the commercial department in July of 2019. I have held various roles in the Commercial Department, starting as a Workout Specialist. In this role, I worked through the Bank's substandard credits, sale of the Bank's OREO properties, and all things relative to our collection actions. In January of 2022, I moved into the Credit Analyst/Portfolio Manager position to further develop my credit and underwriting skills. This gave me perspective on structuring loans, as well as a pulse on the market. In August of 2022, I moved into the role of Commercial Banker. In this role, I am responsible for generating new business. In addition to my professional experience, I hold an Associate of Science in Accounting from WCTC and a Bachelors in Business Administration from Cardinal Stritch.

I hope to bring my strong financial background, specific to lending to the board. I appreciate your consideration.

Thank you,
Meena
