Re: Extension of City Wide Road Evaluation Contract

The Engineering Division would like to extend the City-Wide Road Evaluations Contract with Ruekert-Mielke. In 2011, Ruekert-Mielke performed evaluations City-Wide at a contract amount of \$35,000. The Contract was previously extended as shown below. Each year evaluations are completed on approximately 1/3 of the City's roads. With this extension the Consultant will perform evaluation on the SE 1/3 of the City's roads for \$10,000. Evaluating with consistency will allow the data to more closely reflect actual road conditions.

The Consultant will perform the 1/3 of the work of the original contract at less than 1/3 the cost. Below is a breakdown of original contract, previous extension and proposed contract extension.

	Year	Portion of the City Evaluated	Amount of City Evaluated	Approximate Total Segments	Total Cost
	2011	Entire	100%	3300	\$35,000
	2012	SE-Third	33%	1100	\$7,000
	2013	SW-Third	31%	1000	\$10,000
	2014	N-Third	36%	1200	\$10,000
Proposed	2015	SE-Third	33%	1100	\$10,000
