| Subject: The placement of stop signs on Bennett Drive and speed limit signs on Timber Ridge Drive, both within the Timber Ridge subdivision. | |

Details:
11/6/2023. This item was brought forward by Ald. Anderson as a referral to install stop signs at both locations where Bennett Drive intersects Timber Ridge Drive, install a 25mph speed limit sign upon entering the subdivision, and install another speed limit sign on Timber Ridge Drive further into the subdivision. Engineering staff have reviewed this request and do not have an issue with the installation of the stop signs and speed limit signs.

Options & Alternatives:
None

Financial Remarks:
The cost for installing two (2) stop signs, two (2) warning flags, two (2) speed limit signs, and four (4) sign posts would be around \$480 and covered by the 2023 Building and Grounds Sign Budget (3310.54140).

Executive Recommendation:
The Department of Public Works recommends the installation of stop signs at both locations where Bennett Drive intersects Timber Ridge Drive, installation of a 25mph speed limit sign entering the Timber Ridge subdivision from Center Road, and the installation of a 25mph speed limit sign for eastbound Timber Ridge Drive at Marie Circle.
