Submitted By: Fred Abadi, P.E. Public Works Director	City Administrator Approval: Kevin Lahner, City Administrator
Finance Department Review: Rich Abbott, Finance Director RA	City Attorney's Office Review: Brian Running, City Attorney
Subject: Consider modifying the intersection of Market Pl. and Waterview Ln. to be an All-Way stop.	

Details:
 This item was referred by Ald. Manion. City staff have been working with concerned residents on Market Place who have brought many concerns forward about speeding on Market Place near Waterview Lane. There is a history of studies and measures that engineering staff conducted to review this issue. Staff conducted a speed study in 2015 and 2017 and neither study supported any evidence of excessive and continuous speeding on Market Place. Residents have now requested an All-Way stop be installed at Market Place and Waterview Lane. Public Works staff do not support the installation of an all way stop at this intersection to control speeding. Previous speed study results or traffic volumes do not support an All-Way stop.

Options & Alternatives:
 Since 2015, other measures were implemented to reinforce the statutory speed limit of 25 MPH on Market Place. Speed limit signs were installed in multiple locations on Market Place and a stop sign was installed on the northbound direction of Waterview Lane at Market Place to reinforce a stop condition for northbound drivers.

Financial Remarks:
 If approved, the cost of installing signs for an All Way stop will be about \$250 total and would be covered by the 2017 B&G Sign Budget (3310.54140).

Executive Recommendation:
 The Public Works Department does not support installation of an All-Way stop at this location and recommends the committee deny this request.
