To Whom It May Concern,

Today around noon, while driving south on Madison Street between Ann and St. Paul, there was road construction going on. There was a backhoe picking up concrete and dumping it in a pile right next to the open traffic lane. As I was driving by, I heard something hit my car. There was no place to pull over and I was near my destination, so I checked my car when I arrived at my destination and there are 3 spots where the paint is gone and a scratch. I called the city and was told I could file a claim to cover the cost of repair. I am enclosing pictures of the construction site, and the damage done to my car. I am also enclosing an estimate for repair.

Please feel free to contact me with any questions you may have.

Thank you.
