<b>Subject:</b> Review and Act on the amendment to the Everstream Contract to use an alternate route for Phase 2	

### Details:

Everstream is a network service provider that specializing in fiber optics. In 2019 the City and Everstream partnered together to allow Everstream to over lash on our existing aerial cable and use our underground conduit in exchange for roughly \$1.5 million in fiber builds.

Due to future road construction plans for St. Paul, Everstream would like to take an alternate route to avoid having to move their cable during construction.

The design has been reviewed and approved by Engineering. If approved by ITB this item will go to Council for final approval.
