

COMMUNITY LEARNING CENTER ANNUAL REPORT

Hadfield Elementary &
Hawthorne Elementary School
2022-2023

BACKGROUND

Beginning in 2002, the Wisconsin Department of Public Instruction has been administering the federally funded 21st Century Community Learning Center (CLC) program. These grants have been given to applicants who propose creating before school, after-school, and summer programs at schools where there are high concentrations of students from families with greater economic disadvantage. Some services that these community learning centers provide are academic enrichment activities in reading, math, direct instruction, and tutoring.

Those receiving grants can offer additional recreational and enrichment activities. Providing academic services to students most in need is the core of the program.

In Fall 2022, the City of Waukesha Parks, Recreation and Forestry Department was awarded CLC Grants at Hawthorne Elementary School, for the second time, and Hadfield Elementary School.

CLC Funding, removes financial barriers for families. Offering afterschool programs free of charge.

Afterschool programs hold great potential to help meet the needs of many Waukesha youth/families. The need for high quality before and afterschool programs that address both academic and social needs of students continue to increase. This report reflects the activity of the Hadfield and Hawthorne Elementary Community Learning Center afterschool program in their first year of operation. The data in this report is encouraging and reflective of the outstanding efforts made by all stakeholders, including school personnel, program coordinators, instruction staff, activity leaders and community partners.

ACADEMICS

Students participated in (3) 30-minute rotations of academic, social emotional learning and recreation enrichment activities daily. These lessons are fun, engaging and look and feel different than the school day, while still focused on important skills. Lessons comply with the State of Wisconsin Education Standards. These lessons are intentionally designed to incorporate STEM, Literacy, Math, Art & Music, Physical Fitness, Social Emotional Development and Leadership. Lessons are delivered through our trained and dedicated City of Waukesha Afterschool staff and experts throughout our community.

Students are encouraged to stay until at least 5:00 pm each day to receive additional support in the areas of academic, recreation and social emotional support.

Community Driven Programs

Music and Cultural Education	Heartbeat Drums
Math Banking Concepts	Educators Credit Union
Literacy Education	Waukesha Library
Environmental Education	School District of Waukesha
Planetarium	Waukesha County
Nutrition Program	UW Extension
Dance Program	High School Student Volunteer
Basketball & Bonding	UW Student Volunteer
Cops & Bobbers (Fishing)	Cops and Kids Foundation
Badges & Bullseye (Archery)	Cops and Kids Foundation
Gutter Buster (Bowling)	Cops and Kids Foundation

Weekly Enrichment

Target Concepts

Acting/Skits	Literacy/Leadership
Bead Designs	STEM/Art
Café'	Math, Literacy, Leadership

Hawthorne Elementary CLC

CLC Goals and Outcomes

The following goals were established at the beginning of the year to ensure measurable success of the CLC program:

Goal A: Increase Student Academic Achievement in Literacy 80% of regular attendees.

Goal B: Increase Student Academic Achievement in Mathematics by 80% of regular attendees.

Goal A: Increase Student Academic Achievement in Literacy

The following evaluation tools were used to determine students' academic success:

Hadfield Academic Test Scores

MAPS percentage of increase scores

Literacy

13% of students increased by 20 to 30+ points

54% of students increased by 10 to 19 points

17% of students increased by 1 to 9 points

84% of students increased test scores in Literacy.

Hawthorne Academic Test Scores

MAPS percentage of increase scores

Literacy

10% of students increased by 20 to 30+ points

22% of students increased by 10 to 19 points

46% of students increased by 1 to 9 points

78% of students increased test scores in Literacy.

Goal B: Increase Student Academic Achievement in Mathematics

The following evaluation tools were used to determine students' academic success:

Hadfield Academic Test Scores

MAPS percentage of increase scores

Mathematics

18% of students increased by 20 to 30+ points

50% of students increased by 10 to 19 points

25% of students increased by 1 to 9 points

93% of students increased test scores in mathematics.

Hawthorne Academic Test Scores

MAPS percentage of increase scores

Mathematics

9% of students increased by 20 to 30+ points

38% of students increased by 10 to 19 points

47% of students increased by 1 to 9 points

94% of students increased test scores in mathematics.

Family Events/Workshops

Open House- Family Event (free)

Kickball Tournament- Family Celebration (free)

Holiday Presentation- Family Dinner and Workshop (free)

Janboree- Family Events and Workshops (free)

Parting Thoughts

This program could not operate without the joint efforts of several people who believed in its value for the children and families in the Hadfield and Hawthorne Elementary School community. It truly could not be possible without their committed investment, energy, and unity.

Thank you to the instructional staff who provided a structured nurturing environment for CLC participants. This included the 2022-2023 school year teams. Hadfield Team, Addy Normand, CLC Hadfield Coordinator, Luke, Gianna & Jo Hannah. Hawthorne Team, Matt Lindsey, and Maria Ocampo, CLC Hawthorne Coordinators &, Lee, Wanthanee, Melanie, Isla, & Dilini. City of Waukesha Parks, Recreation and Forestry Department Team, Savannah Wilcox, CLC Coordinator, Therese Jashinsky, Recreation Programmer and Gala Evers, Recreation Supervisor.

Thank you to the Principals at both Elementary Schools, and all the teaching staff and support staff for their support, communication and sharing of space and equipment. It provided a network of continuity for the children and families.

And finally, though all these individuals and groups share equal importance, thank you to the community partners who stepped up and collaborated with the Waukesha Parks, Recreation and Forestry Department to provide programs and services for children and families. This thank you is extended to the Cops and Kids Foundation, Parents, Parent's Place, UW Extension, Waukesha County Retzer Nature Center, Educators Credit Union, Waukesha Police Department and Waukesha Public Library. The donation of your time, efforts and resources speaks volumes about your investment in this community.
