Subject: Waukesha Metro Transit Generator, 2311 Badger Drive – Final Site Plan & Architectural Review	

Details:
 The Waukesha Metro Transit would like to add a back-up generator to their site on Badger Dr. The generator will be located at the north end of the building east of the parking lot. This will be similar to the generator behind City Hall, and use a similar solid fence for visual screening. Staff suggests several shrubs be planted around the base of the screening to integrate into the site.

Options & Alternatives:

Staff Recommendation:
 Staff recommends approval of the site plan, with all comments from the Engineering Dept., Fire Dept. and Water Utility to be addressed and several plantings be installed around the base of the screening fence.
