Subject: Raised Grain, Silo Install, 1725 Dolphin Drive Suite B Minor Site Plan and Architectural Review – Proposed installation of a stainless steel grain silo to the east of the main entrance	

Details:
 Raised Grain is proposing to install a bulk grain silo at the front of the production area of the building to the east of the main entrance. The 10' diameter silo will be installed on a new 10' x 10' concrete pad in the lawn area between the parking lot and the building. The 1700 cu. Ft. capacity silo will stand about 32 feet tall and will provide an interesting visual element to the front façade of the building. The Raised Grain logo will be displayed on the front of the silo.

Options & Alternatives:

Financial Remarks:

Staff Recommendation:
 Staff recommends approval of the proposed silo, with all department comments and concerns to be addressed.
