Subject: Review and act on Proposed Bus Stop Changes	

Details:
This item is to review and act on proposed bus stop changes related to the approved bus routing changes that will take effect June 4, 2023. The vast majority of the bus stop eliminations are stops that will no longer be on a bus route. The proposed new stop locations and moving of existing bus stops are proposed to serve passengers in areas where the routes will change.

Options & Alternatives:
There are no alternatives for the bus stop eliminations as the routing revisions have already been approved by the Council. Alternative locations for the proposed new or moved bus stops could be proposed but those alternative locations would need to be reviewed for feasibility for impacts on passengers, transit operations, pedestrians, and motorists like the proposed locations already have been.

Financial Remarks:
The removal and moving of the bus stops will only involve staff time. The 12 new stops could cost up to \$780 in materials but staff will try and reuse as many of the existing bus stop poles and signs being eliminated as feasible which would reduce the cost.

Executive Recommendation:
Recommend approval.
