

MEMORANDUM

DATE: May 16, 2018
TO: Dan Duchniak
FROM: Kelly Zylstra
RE: Replacement Vehicle for Truck 6

Proposals to replace WWU fleet #6, a 2008 Ford Ranger pick-up, with 2-wheel drive and 79,000 miles were due at 3pm on May 15th.

Ford Rangers are no longer in production in the US; Ford plans to replace the line with production starting in 2019 but with a size similar to their F150 series. As a result, we are requesting proposals for 1) 2018 or a current model 2-wheel drive Chevy Colorado extended cab, or 2) GMC Canyon extended cab pick-up truck with 6' box and accessories.

Funds will be taken from Capital Fleet Account #3920 for this vehicle. The account has \$36,590 remaining.

The proposals were requested from four dealers; however only one submitted.

Ewald Automotive Group of Hartford submitted a proposal for a 2019 Chevy Colorado in the amount of \$26,121.50. The trade in value for the 2008 Ford Ranger is \$4,000.00, the bid was reduced to \$22,121.50.

Production starts on July 16, 2018 and deliver expected approximately 10 weeks later.

Recommended Motion: Approve the purchase of a 2019 Chevy Colorado from Ewald Automotive Group of Hartford in the amount of \$22,121.50 with the trade in of Truck 6, a 2008 Ford Ranger.
