

Extension of Tenny Avenue

In accordance with the City's long term transportation plan, we have enclosed a Certified Survey Map (CSM) to extend Tenny Ave to the STH 59/164 bypass at the access location approved by the Wisconsin Department of Transportation (WDOT). The roadway will cross a creek; thus the Floodplain Zoning needs to be adjusted as a result of this crossing. The legal description and exhibit for the new Floodplain Zoning area is enclosed.

We request approval of the CSM to allow for the construction of Tenny Avenue to the STH 59/164 bypass. Furthermore we request approval of the new Floodplain Zoning area.
