MAYOR REILLY

January 13, 2021

Dear Mayor Reilly,
I am applying for Alderman in District 12. I have lived in Waukesha with my family for almost five years now. After moving to Waukesha from West Allis, I was very amazed by how beautiful and eventful this city is. As Alderman, I would like to continue this trend and watch the city grow for my children and future generations. I would, however, take into account how changes will affect us, now and into the future. That would apply to the citizens and business developments of the Alderman District. I feel, in the past, District 12 put the cart before the horse. I also have years of experience handling disagreements of all varieties between not only my employees, but also my customers. I have worked in a fast-paced everchanging environment all my adult life. I am able to handle any new situation that is put in front of me. Thank you for your consideration.

Sincerely,
Cory Belland
