Subject: Review and act on the Two-Party Construction Agreement between Waukesha County and the City of Waukesha for the construction of non-participating items on the N. Grandview Blvd. resurfacing project, WisDOT Project ID 2717-04-70.	

Details:

Through the Wisconsin Department of Transportation (WisDOT), Waukesha County will be completing an asphalt resurfacing and traffic signal replacement project along N. Grandview Blvd. (CTH T) from Northview Rd. to Silvernail Rd. in 2024. Similar to other WisDOT or Waukesha County projects that overlap into City limits, the City is responsible for items considered “non-participating”. Included in the project are items that the City both requested to be completed and are required to pay for due to ownership. These items include; some traffic signal equipment, sanitary sewer work, street lighting, and spot sidewalk/curb ramps.

These additional items added at the request of the City would be funded as a non-participating project item, and be 100% City cost. The attached agreement provides detail regarding the estimated costs, and breakdown of responsibilities.

Options & Alternatives:

If the agreement is not signed, construction of the additional curb ramps and corresponding traffic signal items would not take place. This would mean additional future costs if sidewalk was extended, or pedestrian improvements were made to the intersections within the project limits.

Financial Remarks:

The estimated cost of this work is \$37,137.51 and would be funded with the resurfacing of asphalt streets CIP account (2006.68290).

Executive Recommendation:

Recommend approval of the Two-Party Construction Agreement between Waukesha County and the City of Waukesha for the construction of non-participating items on the N. Grandview Blvd. resurfacing project, WisDOT Project ID 2717-04-70.
