

Carroll University Parking Lot Lighting Upgrade.

The students that live at Carroll Street Apartments, which is located at 225 Carroll St, Waukesha WI, are complaining that the lack of lighting in the parking lot is making them not feel safe.

Our plans for the parking lot.

Install two new pole lights on the south side of the parking lot with one head on each pole.

- The 4" aluminum pole height will be 15', they will be round and will have a bronze finish
- The concrete pole base height will be 24"
- The concrete pole base will be 18" in diameter
- The Keystone LED heads will be KT-ALED140PS-M2-OSB-PMA-8CSB-VDIM-P
 - o They will be set at 140 watts and 4000K will be the color temperature
 - o The fixtures will have zero tilt (to make sure that they are dark sky compliant)
