Re: Capital Campaign update—progress to date

The Capital Campaign committee has been working hard even during the holidays to meet with potential donors. More meetings are planned in the next weeks.

Capital Campaign coordinator Grace Foley is learning more about DonorPerfect, the donor management software the library has purchased. She will begin populating the database as we move forward.

Library managers and Grace will meet on January 12 to begin planning the public phase of the campaign.

The Campaign has received pledges for **\$738,714**, which is 46% of the way to the \$1.6 million goal.
