<b>Committee:</b> Cemetery Commission	<b>Date:</b> 2/11/2022
<b>Common Council Item Number:</b> ID#	<b>Date:</b>
<b>Submitted By:</b> Vicky Lewis, Interim Cemetery Director	<b>City Administrator Approval:</b>
<b>Finance Department Review:</b>	<b>City Attorney's Office Review:</b>
<b>Subject:</b> Review and act on cemetery chapel building roof for 2022.	

### Details:

The Cemetery department needs to replace the current 85-year-old slate roof. We have received pricing for several replacement options. There is a CIP project that has funds for replacement in 2022.

### Options & Alternatives:

A new option of keeping the slate roof by repairing and replacing deteriorating slate shingles and replacing the flat center roof with an asphaltic roof system will provide 30/40 years of life.

### Financial Remarks:

Additional funds in Cemetery Development Fund for large capital items.

### Executive Recommendation:

Approve an option to replace the cemetery chapel building roof.
