Notes

- 1 <u>Pumping</u>: The gas and electric bill was not received by the time financials were finalized. Budgeted figures for that bill were also pushed to the following month to align with invoice processing. Additionally, Operations staff has been working on the well #10 failure, so pumping labor is under budget for the month.
- 2 <u>Customer Service</u>: There were not any commercial/industrial conservation rebates issued and only four toilet rebates were paid during the month.
- 3 Administrative: Two primary areas were below budget this month; Credit card fees and employees' use of PTO were under budget by \$1,400 and \$10,900, respectively. Credit card fees are trending to be below budget for the year, but we expect the use of PTO to increase during the summer hours.
