Maintenance Cost Over 5 years	\$ -
TOTAL INVESTMENT	\$ 3,705,000
Est. Salvage Value of Former Capital Asset	\$ -
EST. INITIAL INVESTMENT	\$ 3,705,000

## Justification for Equipment Replacement Fund Expenditure

The backup software we currently use is not keeping pace with the next generation of backup methodologies, and needs to be updated. These newer methodologies help reduce storage needs, and improve backup times and reliability. The human brain finds it easier to process information if it is presented visually. The data visualization tools will help staff make more evidence-based decisions.

## How will this improve our service level and efficiency?

Understanding and making sense out of the data we have can help find solutions to problems, or gain efficiencies in areas that can have a positive impact in our community.
