This Request for Proposal is for supplying Polymer to the Waukesha Clean Water Plant during 2023 for use in centrifuge sludge dewatering operations.

Because of the extensive research and testing involved in approving a polymer, only polymers that have been tested and pre-approved by our facility are acceptable for quoting at this time.

Other firms may request an evaluation of their products for inclusion in future bid requests. However, any such evaluation will be at the convenience of the Clean Water Plant.

The letting of the work described herein is subject to the provisions of Sec. 62.15, 66.0901, 779.14, 779.15, Wisconsin Statutes, and all other relevant provisions of federal, state and local law.

The City of Waukesha reserves the right to reject any and all Bids.
