Re: Offer to Purchase equipment
From: Jim Feilbach
Date: 05-15-15

Jeff,

Technitrol, Inc. offers lot price of \$25,500.00 for the electrical equipment being removed from service at your waste water facility in Waukesha, WI. This is to include the oil filled transformers, HV incoming switchgear and the padmount switches.

Equipment to be sold as-is, loaded on our trucks by others.

If you choose to keep the main incoming switchgear lineup, deduct \$5000.00 from our lot offer above.

We will supply trucks as needed to coordinate with your loading schedule. We would need the trucks to be fully loaded, no partial loads.

We would offer 10% down payment and the balance paid within 10 days of the last piece of gear loaded on our truck.

We would have a purchase contract for the city to sign at time of approval of our offer.

Thanks,
Jim Feilbach
Technitrol, Inc.

All quotes are good for 30 days and subject to prior sale. Returned items are subject to a 25% restocking fee.
