Subject: Run from the cops objection

Hi, I am writing to you regarding the Run From Cops application for street closing. Our business had been impacted each year due to the lack of access to our own private parking lot at 463 w. Main. Parking pass to city lot did nothing. We had to close early on a Friday night for an event that can easily modify to not impact local business. We also question the overlapping street closing permits for this event and Friday night live, why can't this event just move its starting line up to Maple so it does not cut off access for us and the Loft residents. Please let us know if you have any questions. Thanks. George Wang 2623499013 info@waukeshatattoo.com
