12. Provide a brief description of your experience in managing a similar project.

The City of Waukesha Parks, Recreation and Forestry Department's (WPRF) mission is to be responsive and committed in providing essential park, recreation and urban forestry services, making our community a desirable place to live, work and play. WPRF has years of experience as it relates to Community Development Block Grants with a wide variety of programs supported in part by these funds. Specifically, the Saratoga Park Summer Playground Program has been a part of this grant since 2006. In addition to this summer program site, WPRF has 4 other playground program sites throughout the city which have been a longstanding tradition of summer programming for Waukesha Youth. The City of Waukesha Park, Recreation and Forestry Department also operates before and after school programs at seven elementary schools within the School District of Waukesha. Two of the before and after school sites are grant funded 21st Century Community Learning Center Sites, which are administered through the Department of Public Instruction. The Staff involved in this project include a team comprised of: Recreation Services Manager, Mary Berg, Recreation Programmer, Gala Siegel, Summer Playground Coordinators, Jeff Patzer and Abby Snopek and a team of three Playground Leaders that have completed forty hours of training in the areas of youth development, fun, age appropriate and engaging curriculum, behavior management, games/activities and CPR/First AID. The direct supervisor of this program, Recreation Programmer, Gala Siegel, has over 20 years' experience as a camp director, teacher and program operations director. She is supported by Mary Berg, Recreation Services Manager, who has over 20 years of professional experience in the field of Recreation.

13. Describe the role specific staff will have in this project. Who will be responsible for managing the project, reporting to Community Development, preparing invoices, etc.?

Recreation Programmer, Gala Siegel will directly supervise the implementation and management of the project. This includes providing training and supervising staff, gathering and collecting data for outcomes and ensuring that all aspects of the program come to fruition. Summer coordinators, Jeff Patzer and Abby Snopek will provide direct supervision of the program staff. Recreation Services Manager, Mary Berg, will provide ongoing support to Gala and will be involved in the administrative section of the project.

14. Provide a concise description of the proposed project.

The City of Waukesha Parks, Recreation and Forestry Department (WPRF) offers a comprehensive recreation summer playground program at Saratoga Park (formally offered at Heartel Field), located at W. College Avenue

and Walton Avenue. It is an eight-week, high quality program that is free of charge to children living within the Saratoga/Heartel Field neighborhood. The playground program is offered to youth ages 6-17 years. Over the past eleven years the program has grown from serving approximately 10 children the first year, to serving 65 in 2016. Youth ages 13-17 participate in a Leaders in Training (L.I.T) program. Three leaders (one bilingual) will work together to provide participants with activities, field trips and special events that are age appropriate, challenging and more importantly, safe. The activities and events are tools used to engage youth, while teaching lifelong skills such as organization, perseverance, self-confidence, social skills, conflict resolution and communication. The Saratoga Park Program participants enjoy lunch each day with their leaders, thanks to the St. Vincent de Paul lunch program. Additionally, participants learn about nutrition education and healthy choices through fun and engaging activities provided by UW-Extension and listen to bilingual storytime, provided by the Waukesha Public Library. Participants will walk to the Library weekly to participate in engaging and active literacy activities. One of the key components to the program includes community safety, addressed through positive visits and outings by the Waukesha Community Policing Unit. The target population for the Saratoga Park Playground Program is children living in the immediate neighborhood. This is a diverse, low-moderate income area. In 2016, 65 youth participated in the program, 45 children were Hispanic, 12 Black/African American, 6 Caucasian. The following activities are utilized to achieve program outcomes: 1) Staff training- Leaders are trained in CPR/First Aid, art, sports, song/skits, team building and behavior management. 2) Community Involvement- Partners provide a variety of services to youth, including literacy, healthy living programs, safety and positive community services. 3) Quality Curriculum- a. Traditional and non-traditional activities are offered, with changing weekly themes. The curriculum used is intentional where education and social emotional development is woven through all activities and recreation. Activities include: Team Building, Stomp Bucket Percussion, Orienteering/GPS, World Games, Cooking, Gardening and a plethora of other activities to peak participant's interest. b. The Teen Leaders in Training (L.I.T) Program for participants 13-17 years is supported by the "The 7 Habits of Highly Effective Teens", by the Sean Covey curriculum, is a step-by-step guide to help teens improve self-image, build friendships, resist peer pressure and develop their leadership skills. Furthermore, teens attend a day-long workshop (Leading Forward) conducted by certified instructors on the "7 Habits of Highly Effective Teens", and then all participants go through an interview for a leadership position at the park. This process begins participants on their way to develop necessary skills needed to prepare for college and future employment. L.I.T's are assigned tasks throughout the summer to further develop their leadership and future job skills.

19. Describe the need filled for your program or project.

The Saratoga Park neighborhood is one of the two Waukesha neighborhoods with the largest Police response volumes annually. The Saratoga Park surrounding neighborhood also feeds into the Hatfield Elementary, 73.3% economically disadvantage population and Whittier Elementary, 78.1% economically disadvantage reported from the Department of Public Instruction for the 2015-2016 school year. This demonstrates the Saratoga neighborhood has a great need for additional community resources and public services. The Saratoga Park neighborhood not only benefits from the added police visibility in the summer months, but also much needed programs for youth that will provide positive development, healthy choices and opportunities for personal growth and continued learning. It is reported by Harvard Graduate Studies that students will lose 2.6 months of learned math concepts over the summer break months. Summer learning loss is a significant problem, playing a surprisingly large role in creating the achievement gap. Economically disadvantaged students can lose significant learning over the summer months. To help ease the achievement gap this program seeks opportunities to find ways to partner with economically disadvantaged families to ensure their children keep reading and learning throughout the summer. Additionally, by bringing this program to the neighborhood, we are able to offer a wide variety of community supported resources including daily lunches for families through out partnership with St. Vincent de Paul, offering library and storytime in the park to provide children and families with all the resources available without any transportation barriers, and providing youth with important nutritional, healthy living and engaging enrichment activities.

20. Describe two anticipated measurable outcomes for your proposed project and activities.

1. In 2018, 100% of Saratoga Park playground program participants will demonstrate improvement and growth in their self-confidence, perseverance, organization and social skills as measured by daily logs and weekly leader observation records. 2. In 2018, an average of 155 children and adults will be served lunch daily through St. Vincent de Paul's, Saratoga Park lunch program. 3. In 2018, 100% of participants will report (1) having positive interactions with their leaders and other program participants, (2) making new friends at the program (3) having positive experiences with Community Police Officers (4) learning and new skill or hobby as measured through the end of summer participant evaluations.
