RE: Wastewater Use Charge Refund for 3060 Cone View Lane

BPW FILE ID #17-1216

The property owner at 3060 Cone View Lane, has requested a refund for the Wastewater Use Charge from the water use bill dated 4/20/2017 for usage between 11/21/16 and 2/20/17. The request explains (letter dated March 6, 2017) that in February, the property owner noticed that the outside hose bib was not shutting off properly. Service was called on the faulty spigot when the leak was noticed and is now in working order. Over this period additional water was metered and went untreated into the ground. For this period a total of 73,200 gallons was used. In order to calculate the additional water used and not treated, the past usage (2016 & 2015) over the same quarters was calculated to be an average of 107.2 gallons per day, compared to the 804.4 gallons per day used in 2017 while outside hose bib was not shutting off. Based on this comparison, the Wastewater Use Charge would have been \$56.06 compared to the actual of \$422.85. It is recommended that a one time sewer credit totaling \$366.79 be refunded.
