### WPRF Volunteer Projects Trailer

#### Project Description:

Volunteers-on-the-GO! Is a planned new program to present community members with the opportunity to beautify their neighborhood parks by providing them with a project coordinator and a 12-foot trailer filled with tools to make the work easier.

The program will enable the Volunteer Coordinator to schedule park beautification projects with residents, employee volunteer groups, and community organizations while providing the necessary tools and a visible meet-up place. The trailer will be visible throughout the community as groups work on volunteer projects, as well as at several community events to promote volunteerism.
