Request for Proposal

Strategic Planning Services Waukesha Public Library City of Waukesha, Wisconsin

The Waukesha Public Library, in the City of Waukesha, is requesting proposals from qualified firms to work in conjunction with staff for strategic planning services for the Library. This is a qualifications-based selection process.

Sealed proposals are to be delivered to:

Library Strategic Planning Services Waukesha Public Library 321 Wisconsin Avenue Waukesha, WI 53186

Proposals are due by **5 p.m. on February 16, 2018**. Submissions received after this date may not be considered.

All submissions must be prepared according to the instructions provided.

The contractor shall submit a list of his subcontractors as a part of his or her proposal, which shall not be added to nor altered without the written consent of the Waukesha Public Library.

The Board of Trustees of the Waukesha Public Library reserves the right to reject any or all bids, to waive irregularities, or to accept such bids, as in the opinion of the Library, will be in its best interests. Proposals will be judged on overall merit; the lowest cost proposal will not necessarily be awarded a contract.

Bruce Gay, Director Waukesha Public Library

Scope of Services

Purpose

The purpose of these services is to assist the Waukesha Public Library in establishing a long-term strategic plan, which will include vision and mission statements as well as goals for Library operations.

Background

Waukesha, population 72,363, is a community located in Southeastern Wisconsin and is the county seat of Waukesha County. Waukesha is a diverse community incorporating many socio-economic groups, including a significant and underserved Hispanic population.

The Waukesha Public Library was founded in 1896, and serves as the municipal Library for the City of Waukesha, as well as the resource Library for the Bridges Library System. The Library is a 71,000 square foot space in downtown Waukesha amid a heavily used city park. The Library collection holds more than 315,000 items and has more than 60 public access internet workstations. Annual Library circulation is over one million items. There are approximately 51,000 registered borrowers. Annually, the Library spends about \$4 million, primarily from local and county support. The Library is located at 321 Wisconsin Avenue, Waukesha, Wisconsin, 53186.

Consultants should consider several local issues when considering planning for the Waukesha Public Library:

- The Library wishes to explore other, additional sources of funding, up to and including the creation of a Library Foundation.
- The Library has insufficient meeting and programming space in the building to meet current and anticipated future needs.

The Library seeks to provide quality facilities, collections, programs, and outreach for a diverse local population. Library officials are now interested in generating public opinion as to what should happen next in terms of Library service in Waukesha. The Library is seeking a strategic plan that helps it pursue excellence by being a public-facing institution, responsive and adaptive in all services to the needs of the community.

Preferred Qualifications

- Previous experience working with public libraries of similar size
- Previous experience facilitating the strategic planning process in a wide variety of organizational settings
- An understanding of current national trends in Library service, including recent initiatives such as the Aspen Institute reports and the ALA "Libraries Transform" initiative, and an understanding of how these impact strategic plans
- An understanding of current developments in Wisconsin libraries and their potential impacts on local libraries and resource libraries

Desired Objectives and Process

- Explain strategic planning process to staff and board, including the development of a planning committee.
- Gather data about existing Library operations and community indicators including census data, community feedback surveys and other essential information.

 Analyze data in preparation for the planning committee meetings.
- Conduct a staff focus group which includes a Strengths, Weaknesses, Opportunities and Threats (SWOT) analysis.
- Facilitate community focus groups. The successful respondent will work with Library staff and the planning committee to move the community through a process in an effort to answer the following questions:
 - What are the present and future uses of the Library that the City should support?
 - What amenities do citizens want now and in the future? (For example, is there a desire for more public computers?)
 - What other improvements are needed to best serve the public?
 - Other questions as identified during the process.
- Facilitate Planning Committee meetings.
- Guide the planning committee meetings and staff meetings needed to draft a new mission statement, goals and objectives for a 3-year strategic plan.
- Facilitate an action/implementation and communication plan as part of the strategic plan.
- Draft a final plan to be presented to the Library Board for adoption.
- Be available to the Library for follow-up questions as needed.

Timeline

The planning process should begin in March or April, 2018, with a final plan to be presented to the Library Board by October 31, 2018.

Regulatory Requirements

Your firm will need to be familiar with State of Wisconsin, Waukesha County and City of Waukesha codes, restrictions and processes throughout the project.

Deliverables

All deliverables will be submitted to the Library in hard copy and original electronic format (for example, Excel, Word, etc.). All submissions will become the property of the Waukesha Public Library.

Community Outreach

Your firm will be expected to prepare a community outreach strategy (in partnership with Library staff) for the community focus group meetings in compliance with open meeting requirements. This process will include engaging:

- Library staff
- City government stakeholders
- The Library Board members

• Community groups, diverse stakeholders and individual residents

In the Proposal, please provide examples of innovative measures your firm has used to generate public attendance for community outreach and stakeholder opinions.
