Subject: District 14 Aldermanic Appointment Application

Hello Mr. Mayor,

I'm a resident of the City of Waukesha in District #14 and am interested in pursuing the Aldermanic appointment due to the resignation of present Alderman Bill Boyle. My current address is 3503 White Oak Way and I've been a resident of the city since 1995.

Attached is my resume listing my professional and public sector background. Regarding the background check please note that my father and I share the same exact name with the exception of Jr & Sr. My date of birth is April 4th. Not that there would be issues with either one, just want to make sure that the check is done on the correct individual.

Please let me know if there are any questions. I'd appreciate it if you could reply and confirm receipt of this email.

Thank you and see you at the Common Council meeting on Tuesday, September 18th as well as those leading up.

Sincerely,
Bruce Buerger

Bruce T. Buerger Jr.
