Garage	Match House	All wood: same system as house	Sherwin Williams		\$2,500.00
Price includes materials			<b>TOTAL</b>		
			<b>DEPOSIT</b>		<b>\$3,000.00</b>
			<b>REMAINING BALANCE</b>		<b>\$7,500.00</b>

Notes: Scrape all peeling paint, caulk all gaps and cracks where needed. Entire exterior wood areas to receive one coat of peel bond, while rougher areas may get two or three coats where needed. Finish coat to be applied after proper usage of peel bond. Caulk all gaps and cracks where needed to seal and protect wood. Peel bond works like a glue where scraped edges meet bare wood. This is the best system to combat the excessive peeling for a long-lasting paint system.
