Subject: RE: Silurian Springhouse Mural

Hi Charlie—

The mural restorations are requiring more effort and we had to do repairs to the back –up masonry this time around.

A good budget number to use is \$10K per mural.

There is some “economy of scale” if your able to contract for murals but here is an estimate for 2019-2020.

1 mural \$10,000
2 murals \$19,000
3 murals \$28,000
4 murals \$36,800

Please let me know if you need a formal proposal and for how many murals.

(We remain interested in writing a Historic Structures Report on the springhouse and performing a historic paint analysis on the interior (there are reports of a mural once painted on the ceiling).

Thank you for the opportunity to bid this work.

Subject: Silurian Springhouse Mural

Neal,

The Waukesha Landmarks Commission is again looking to decide how to spend it's 2019 and 2020 Historic Springs restoration grant. They have some other projects that they may prioritize this year, but most likely they will want to fund restoration of either one or two additional murals on the Silurian Springhouse. They are going to discuss their Springs funds at their meeting on September 4th and hope to make some spending decisions.

Would you mind coming up with quotes for restoration of one mural and two murals? They would follow the same schedule they have in the past, with the murals taken down in the fall, restored at your studio, and then returned in the spring. Most likely we would want to break up the payments into two again as well so it could be done over the course of two grant years.

Thanks a lot!
