## **MEMORANDUM**

Date: January 17, 2020

To: Water Commission

From: Dan Duchniak, General Manager

Re: Approve plan review services associated with future return flow pipeline construction to the City of Muskego

As part of the Great Lakes program, the return flow mains will be passing through the City of Muskego roadways. We have had discussions about this project with city officials on a number of occasions and have agreed to reimburse them the cost to have an outside consultant review the plans and specifications on their behalf.

We have received the invoices from the City of Muskego that total \$15,519.82 and are requesting authorization to reimburse the City of Muskego for these expenses.

***Recommended Motion:*** Approve reimbursement of plan review services associated with future return flow pipeline construction to the City of Muskego in the amount of \$15,519.82.
