Subject: Frame Park Baseball Diamond, 1200 White Rock Avenue – Final Site Plan & Architectural Review	

Details:

The Park Rec and Forestry Dept. is proposing improvements to the baseball field in Frame Park. Improvements include new synthetic turf for the infield and bull pen areas, new dugouts, and a new vinyl coated chain link fence for the outfield area. The outfield will also be expanded with this project but remain in natural turf. The expanded outfield will not impact the current Riverwalk path. The field already is lighted, and the existing lights will remain. The dugouts will have steel roofs with a cement-board style siding.

Options & Alternatives:**Financial Remarks:****Staff Recommendation:**

Staff recommends approval of the Frame Park baseball field plans with a Department comments and concerns to be addressed.
