TO: Dan Duchniak
FROM: Kelly Zylstra
RE: DF Tomasini Emergency Repairs at 161 Walton Avenue

In January of this year there was a watermain break at 161 Walton Ave. In March, it came to light that there was damage to the sewer lateral and its connection to the main sewer line that was caused as a result of the repair of the break in January.

Our crews began the excavation work but it came to light very quickly that the repair to the sewer was not something that we had the materials or the equipment to complete. We made several calls to contractors and DF Tomasini was available to help. Our crews worked side by side with their crew over the course of an entire night and the following day to complete the repairs.

The associated bill for the work performed by DF Tomasini for this emergency repair totals \$21,316, which is in addition to the materials that we approved as part of the voucher list from Core and Main on April 17.

Recommended Motion: Move to approve invoice for DF Tomasini for the emergency repairs at 161 Walton in the amount of \$21,316.00.
