Subject: Approval of Public Transportation Agency Safety Plan and Supporting Resolution	

Details:
This item is to seek the approval to the City of Waukesha Transit Commission's Public Transportation Agency Safety Plan (PTASP). (Note: the plan also includes the Waukesha County Transit which the City is responsible for creating due to the administration service agreement).

The PTASP is a new requirement that all transit systems have a comprehensive safety plan that meets all of the FTA's required elements. Most notable is transit systems are required to set safety targets to use as metrics to quantify improvements in safety. The targets are found in Appendix G of the plan. An annual review of the plan is required and the targets will help determine if updates are required. The ultimate goal of the PTASP requirement is set standards of safety across the nation which is intended to make transit systems safer.

Options & Alternatives:
None. It's a federal requirement.

Financial Remarks:
NA. No funds are required.

Executive Recommendation:
Recommend approval.
