Message Body:

Having grown up just a few blocks from the library my daughter has been totally spoiled by the fabulous offerings of the Waukesha Public Library. As an adult she is now living in Charlotte NC with a family of her own. As you can imagine, she really missed being able to easily check out books from her library system during this past year. She always wished she could just have her librarian go pick out a bunch of books and just check them out.

While browsing this website I noticed the Library Care Packages option and told her about it as she was planning her recent visit here with her husband and 3 kids. She was able to request books for the kids and I picked them up. They each had 10 books upon their arrival late on a Saturday night. And they truly loved being able to come in and browse for an assortment of books during the week they were in town. Thank you for your awesome services.

As much as she likes her Charlotte library system, it still isn't Waukesha!
