Please provide a brief explanation of the merits of the project:

- See attached -

Erik Endres, a talented graphic designer and graduate of Carroll University, has been actively sharing his creative talents during the past several years by donating countless hours in support of local historic preservation initiatives. Erik created and continues to maintain the website for the Waukesha Preservation Alliance. He also designed the imaging for and creates new versions each year of the print marketing materials for Waukesha's Celebration of Historic Preservation Month. These dynamic publications have created a recognizable "look" for the event that has increased awareness and helped to boost attendance. These pieces are created by Erik in tandem with the popular annual architectural scavenger hunt.
