Notes:						
1. Sewer lateral video. The existing building has a sanitary sewer lateral connecting the City's sewer main. Please provide a sewer lateral video to City for review and approval. Contact the City Engineering Department for the video format. If lateral maintenance is needed, then the lateral improvements may need to be included as part of this project. The lateral pipe and connection to the main may need to be lined or relayed to reduce infiltration into the City's sanitary sewer system or improve the structural integrity.

Notes:						
1. No site plan submitted for review since disturbance is less than 3,000 sf.						
2. Provide letter of credits required by Plan Commission for landscaping.						
3. This is a location in the City where public sidewalk is recommended to be installed by City Staff along frontage of STH 164.
