We recommend reading the Landmarks Commission Design Policies and/or discussing your plans with staff before submitting your application. The Design Policies are available here:

https://waukesha-wi.gov/171/Landmarks-Commission.

D. Nature of Intended Repair(s)/Proposed Work:

Briefly and accurately describe type and location of proposed work on primary building, carriage house, outbuildings (i.e.: garage), fences (including retaining walls), paved surfaces and landscaping. Attach extra sheets and supplemental material as requested in the criteria checklist found in Section E. Be sure to reference the attached Exhibit A, which summarizes the guidelines from the Secretary of Interior's Standards for Historic Preservation Projects. Your narrative must address any of the following elements related to your project:

Roof: Repair or replacement?	Chimney(s): Repair or replacement?	
Soffits, Fascia, Downspouts	Flashing	
Eaves, Gutters	Tuckpointing	
Shingle type/style/color		
Siding: Repair or replacement?	Windows: Repair or replacement?	
Paint Colors, Materials	Materials, Other	
Shingling and Ornamentation/Stickwork		
Other Exterior Repairs:	Foundation: Extent of repair	
Awnings	Tuckpointing	
AwningsBrickwork/Stonework	Other	
Cresting		
Doors	<u></u>	
Porch: Repair or replacement?	Miscellaneous:	
Front or Side, Rear	Landscaping	
Ornamentation	Fences	
Finials, Other	Paving/Brick Pavers	
Details:	ab evicting garage based on etructural	
Requesting deviation to demoii	sh existing garage based on structural	
	storage on small lot. New construction	
	r historic elements based on feedback	
from Histo	oric Commission	

Estimated start date June 1st, 2021			
Estimated completion July 15, 2021			
I/We intend/have already applied for the state's preservation tax credits: Yes No			
Status:			
Have you done any previous restoration or repair work on this property? NoYes If yes, what has been done?			
Yes, replaced roof and gutters a few years ago. Contractors and I didn't know we needed Historic Comm approval.			
Are you aware of any significant alterations or restoration done by previous owners? NoYes If yes, what has been done?			
Are any further repairs or alterations planned for this building for the future? NoYes If yes, please describe:			
E. Criteria Checklist:			
REQUIRED FOR ALL PROJECTS			
Photographs of affected areas and existing conditions from all sides Historic plans, elevations or photographs (if available)			
Material and design specifications, including samples			
and/or product brochures/literature when appropriate			
REQUIRED FOR ALL PROPOSED NEW CONSTRUCTION, ADDITIONS, EXTERIOR ALTERATIONS, FENCING AND LANSCAPING Site and/or elevation plan – to scale (required for all new construction or proposed additions)			
REQUIRED FOR EXTERIOR PAINT WORK Color samples (including brand of paint and product ID number) and placement on the structure			
REQUIRED FOR ALL LCP&R APPLICATIONS Provide a detailed cost estimate for these repair(s), based on the number of gallons of paint, the amount of lumber, or the number of panes of glass, etc. Be certain to separate material costs from labor. Include a written estimate(s) if available: - \$33,700 for demolition and complete construction of a new garage including			
electric, siding, roof, garage door, windows and service door.			

SECRETARY OF THE INTERIOR'S STANDARDS FOR REHABILITATION OF HISTORIC PROPERTIES, APPLIED BY THE WAUKESHA LANDMARKS COMMISSION

To receive a Certificate of Appropriateness, a rehabilitation project must be determined by the Landmarks Commission to be consistent with the historic character of the structure(s) and, where applicable, the district in which it is located. The following Standards are to be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.

- 1. A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials or alteration of features, spaces, and spatial relationships.
- 2. The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.
- 3. Each property will be recognized as a physical record of its time, place, and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.
- 4. Changes to a property that have acquired historic significance in their own right will be retained and preserved.
- 5. Distinctive materials, features, finishes, and construction techniques or examples of craftsmanship that characterize a property will be preserved.
- 6. Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.
- 7. Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.
- 8. Archaeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.
- 9. New additions, exterior alterations, or related new construction will not destroy historic materials, features, and spatial relationships that characterize the property. The new work will be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.
- 10. New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
