Otto's Fine Art Academy is a supplementary education art school for children in grades K-12 as well as adults. We partner with local university Art Education departments such as UW-Milwaukee and Carroll University to provide teaching and interning opportunities for art and art education students. This means that all of our students are receiving quality education from qualified staff.

Here at Otto's, we believe that no two artists are alike. For this reason, students in all of our programming opportunities choose their own subject-matter and work at their own pace. Our goal is to develop creative confidence within each student by: teaching fine art skills, helping students create a portfolio, providing information on what career options are available for art-related career paths, and introducing students to the idea of community-building through art. We achieve these goals through our individualized instruction format, documentation of improvement, introduction to new and different styles of contemporary art-making in various fields, as well as display of art in local spaces. Otto's offers year-round art classes, Homeschool Groups, Summer Camps, Holiday Workshops, as well as Girl and Boy Scout Events.

## ARTIST BIO

Joan Skimmons is a retired Senior Vice President from a large technology company where she worked as a marketing professional in business-to-business marketing and sales. Joan opened the River's End Gallery after working for 50 years in the corporate world.

Joan's paintings are created in oil and/or acrylic paints. She paints all types of subject matter. Her style is very loose realism to abstract. When the gallery is open, you can find Joan in the studio at the rear of the Gallery. All are welcome to come into the studio and watch art in process.

Joan started painting in oils at nine years old and painted until age 15. Then she stopped to gain an education, worked to fund the education and build her career, and later to raise a family. She always promised herself that she would go back to art as a retirement gift to herself. In 2001, she began to paint again, and in 2006, she purchased a building in downtown Waukesha, remodeled it and opened the River's End Gallery. Joan has sold hundreds of paintings to clients all over the country and has enjoyed her many commissions to paint something special for a client.

Joan explains, "I love the art and the artists I represent. They are wonderful and the art they create make people smile. There isn't anything better. And, of course, I am so very pleased when one of my paintings finds a new home."

**Joan Skimmons, owner**
