### Howell Oaks Addn No. 4. File No 1765D

- **REMARKS:** Conditional Certification of No Objection to this Final Plat is based on the following conditions being satisfied prior to the recordation of the Final Plat:
  - 1. An access easement for Waukesha County shall be designated on Outlot 8 so that previously dedicated lands can be accessed. Ensure the outlot is aligned with the trail connection as shown on previous version of the plat (such as Addition No. 2). For consistency among plat phases, see Outlot 6 on Howell Oaks Addition No. 2 for language and representation.
  - 2. Remove references to the floodplain and Primary Environmental Corridor in the Wetland [Preservation] Restrictions as they do not exist on this plat or on the immediately adjacent area of Outlot 1 of Howell Oaks Addition No 1.
  - 3. We question whether the building envelope on Lot 120 and groundwater table align. There is a large area of mapped hydric soil (estimated groundwater less than 1' from surface) on this lot and there are areas of wetland on the south part of the site. Please consider reducing the building envelope to only the area that has been tested for wetness or submit soil tests to verify elevations in the groundwater table for Lot 120.

In addition, we recommend the following:

- 4. We strongly recommend that the wetland areas on Lots 120-122 be placed in an outlot that would be contiguous to Outlot 5 of Howell Oaks No. 1. The lots appear to be oversized and wetlands on private lots are highly vulnerable to fill over time.
- 5. The city should verify that all notes relative to grading and compliance with the Master Grading Plan noted on the plat are in compliance with city ordinances.

The Owners of the residential Lots within "Howell Oaks" Subdivision. "Howell Oaks Addition NO. 1". "Howell Oaks Addition NO. 2", "Howell Oaks Addition No. 3", this Subdivision, and any future adjacent subdivision created pursuant to the recorded declarations of restrictions for such Subdivisions, shall each be liable for an equal undivided fractional share of the cost to repair, maintain or restore said Stormwater Detention Facilities and Stormwater Infiltration Facilities. Said repairs, maintenance and restoration shall be performed by the HOA of such Subdivision.
  - Wetland lines as within this plat were delineated in the field by Stantec Consulting, Inc. in June of 2013, September 18, 2015 & June 9, 2016. Wisconsin DNR concurrence on June 27, 2016
  - Lots 121, 124, 135, and 141 are subject to a Vision Corner Easement (V.C.E.) as shown on this plat in that no structure, driveway or improvement of any kind is permitted within the vision triangle. No vegetation within the vision triangle may exceed 30 inches in height. Said V.C.E. is herein granted to the City of Waukesha.
  - Each lot owner shall adhere to the grading plan or any amendment thereto by the City Engineering Department and on file with the City Master Grading Plan and grade such owner's lot in accordance with the master grading plan.
  - The HOA and/or its agents, employees or independent contractors shall have the right to enter upon any lot, at any time following at least twenty four (24) hours advance written notice, for the purpose of inspection for compliance with the City FINAL Master Grading Plan. In the event a lot is not in compliance with the City Master Grading Plan, then the HOA shall give written notice to the owner of the non-compliant lot. If the owner of the non-compliant lot has not brought the lot into compliance with the City Master Grading Plan within thirty (30) days, then the HOA may enter onto the lot for the purposes of bringing such lot into compliance with the City Master Grading Plan, and may charge the lot owner for the necessary costs of such work, and may have a lien against the lot for the same. In the event that the HOA is not in existence or otherwise fails to act then any lot owner who is aggrieved by a failure to comply with the City Master Grading Plan may independently enforce this section by bringing an action in the Waukesha County Circuit Court, and the prevailing party in any such action will be entitled to recover its reasonable costs and attorney fees.
  - Each owner, at the time of construction of the building, shall also be responsible for grading the lot so as to direct drainage toward the street or other established drainageway and to prevent an increase in drainage onto neighboring property. This shall be accomplished by creating swales along common lot lines wherever practical. Drainage ways shall be kept free of obstructions. No planting other than grass shall be permitted within 3 feet of side or rear lot lines without approval of Developer.
  - Each owner must consult with the adjacent lot owner to agree upon compatible arading for their common lot lines. Due to the varying terrain and drainage conditions on each lot following construction, neither developer nor the City shall be responsible for establishing lot line grades. The services of a Professional Engineer or Professional Land Survey may be required to design a proper grading plan for any lot, the cost of which shall be paid by the lot owners.
  - Maintenance responsibility of all surface water swales, drainage ditches, ponds, private storm sewer, and other such facilities, and all outlots and cul de sac islands shall remain with the lot owners and HOA.
  - Outlot 9 is hereon granted to the City of Waukesha Water Utility.
  - Facilities for distribution of electric, telephone and cable television service located within a residential subdivision, or other residential division, shall be installed underground except where the Council upon recommendation of the Plan Commission finds adverse soil conditions or problems of utility distribution make such installations prohibitively expensive. Transformers, junction boxes, meter points, or similar equipment may be installed upon the ground surface provided they are not located in the required front yard or required street side yard.

### **STORMWATER MANAGEMENT MAINTENANCE AGREEMENT:** (OUTLOT 1 AND OUTLOT 2 HOWELL OAKS SUBDIVISION)

This property is hereby subject to the following covenants, conditions and restrictions:

1. Maintenance Agreement. There shall be a separately recorded document entitled "Storm Water Management Practice Maintenance Agreement" ("Maintenance Agreement") that describes the storm water management practices located on this subdivision plat and their maintenance needs.

2. Drainage Easements. All areas designated as "Drainage Easements" are preserved for storm water collection, conveyance, and treatment in accordance with approved plans on file with the City of Waukesha. Unless otherwise noted in the Maintenance Agreement, drainage easements shall be maintained in a manner that preserves unimpeded flow of surface runoff. No aradina or filling is allowed. These areas shall be kept free of buildings, sheds or other structures and shall be maintained in permanent vegetation or other approved cover to prevent soil erosion. Grass swales are reserved for storm water conveyance and shall not be used as vehicle access Janes. Note that the construction of a Waukesha County Trail within the Trail Easements located on Outlots 1 and 2. Howell Oaks Addition No. 1 is exempt from these conditions.

Access Lanes. Access lanes are constructed and reserved for heavy equipment that may be required to complete future maintenance activities, as described in the Maintenance Agreement. These lanes shall be kept free of obstructions to maintenance vehicles, such as trees and other woody vegetation. Any gates or other access restrictions must be approved by the City of Waukesha.

4. Ownership and Maintenance. The titleholder(s), or other designated "Responsible Party" shall be responsible for the routine and extraordinary maintenance of all drainage easements and storm water management practice(s), in accordance with the Maintenance Agreement.

5. Access and Inspections. The City of Waykesha is authorized to access the property as necessary to conduct inspections of the storm water management practices to ascertain compliance with the Maintenance Aareement.

6. Corrective Actions. Upon notification to the Responsible Party by the City of Waukesha of maintenance problems which require correction, the specified corrective actions shall be performed by the Responsible Party within a reasonable time frame as set by the City of Waykesha. Access for maintenance equipment shall be limited to the designated lanes as shown on the subdivision plat.

7. Special Charges. The City of Waukesha is authorized to perform the corrective actions identified in its inspection report or its notice if the Responsible Party does not make the required corrections within the specified time period. The costs and expenses of such corrective actions shall be entered on the tax roll as a special charge against the Property and collected with any other taxes levied thereon for the year in which the work is completed.

8. Binding on Future Owners. This Agreement shall run with the Property and be binding upon the successors and assigns.

9. Agreement Modifications. The City of Waukesha shall have the sole authority to amend this agreement, including approving any physical modifications to the storm water management practices and drainage easements described herein. The City of Waukesha shall provide a 30-day notice to the titleholder(s) prior to approving any amendments to this agreement.
