This referral was made by Public Works by request of Waukesha County. The County has requested installations of some parking zones to insure that parked cars on Airport Road do not block or interfere with driveway egress and does not block their mail box / fire hydrant area. At some times, events at WCMHC require some visitors to parking on Airport Road and these parking zones will ensure more orderly parking. Staff recommends for approval for each parking zone listed above. Item was placed on hold from last meeting. Staff has talked with the County and they agree to pay for the installations of the signs.
