This referral was made by Public Works on behalf of Waukesha County. The County would like to install some way-finding signs on various City streets to better direct visitors to the Moor Downs golf course. The signing and locations listed above will aid in directing visitors to the correct locations. The City garage will install the signs. At this time, it is unknown if the City will make the signs or if they will be purchased through a vendor. The County will pay for all signs and installation.

Staff recommends approval of this item which encompasses all the locations listed.
