This item was brought forward by Ald. Wells and Ald. Helgestad. They have requested engineering staff to look at the One Way street and try to make it more understandable to drivers that the street is One Way to the east. Staff will review and report back. If items needed to make the one-way clearer are necessary and are a routine maintenance matter, staff will have City Garage install the signing. If additional signing is needed and should be approved by the Committee, staff will bring this item back with applicable recommendations.
