This item was brought forward by Public Works and Transit. There is a bus stop in the location described in the subject. Often, it has been noticed that cars park right up to the bus stop pad since the No Parking sign is right at the bus stop pad. When the bus stops, it must back up if there is a car parked too close. The request is to extend the No Parking zone further south to grant more room for the bus to pull out forward. The cost to adjust the No Parking Zone will be around \$100.
