Type: Appeal **Status:** Agenda Ready

File created: 12/10/2019 **In control:** Board of Building Appeals

On agenda: 1/28/2020 **Final action:**

Title: The appeal of Linsey Grover, owner, to appeal the cited code violation of the Uniform Dwelling Code, Sections SPS 321.06 and SPS 321.04 as referenced by section 16.01(b) of the City of Waukesha Building Code. The existing home was built in 1939; therefore, the owner is permitted to appeal the requirements as allowed by section 16.17 of the Waukesha Building Code. The appellant alleges the provisions of the code do not cover the question of existing headroom height and existing staircase that was permitted by the code in effect at the time of construction. If granted, this appeal would allow the headroom height and the basement staircase in the existing building at 210 N Washington Ave to vary from the requirements of the Uniform Dwelling Code for new construction.
